

ITB32

Travel Box portable compressor refrigerators offer maximum convenience in various settings: perfect for leisure activities and professional vehicles, they ensure the safe transport of small quantities of food wherever you go.

The Travel Box ITB 32 portable compressor refrigerator is the ideal solution for those seeking high performance and reliability during trips, camping, or off-road adventures. Equipped with a compressor designed for automotive use, it ensures rapid and efficient cooling even under extreme conditions. The updated design features durable materials and an intuitive digital control panel, offering a simple and functional user experience. The 32-liter capacity allows for the storage of a significant amount of food and beverages, keeping them at the desired temperature. The product includes a 3-level battery protection system and comes with a DC power cable.
